

BROOCH

Unique ID: LEIC-1734C2

Object type certainty: Certain

Workflow status: Published

Roman copper alloy bow brooch, 56mm long and 54mm wide. The brooch is in a fair condition with a light brown patina and weighs 21.35 grams. The brooch consists of semi-circular sectioned wings which contain a spring of 12 coils, the pin is missing. The wings are decorated with two vertical bands of incised lines and raised dots at each side. The bow is also decorated with at least 4 vertical incised lines and has an intact catchplate which is also decorated with two horizontal incised lines, one along its upper edge and one near its centre.

Class: Bow
