

SCRAPER (TOOL)

Unique ID: LEIC-B4D542

Object type certainty: Certain

Workflow status: Published

Neolithic? flint scraper, 69mm long, 47mm wide and 18mm thick. The object is in good condition with a greyish patina and weighs 46.17 grams. The scraper is 'leaf shaped' with a wide rounded lower edge containing a bulb of percussion and a smaller rounded worked end. It is finely worked just on the rounded tip, with deep removals. the object is heavily recorticated however, which indicates an early date.

Subsequent actions

Subsequent action after recording: Returned to finder
