

VESSEL

Unique ID: SF5624

Object type certainty: Certain

Workflow status: Published

Lead pot mend with narrow waist where it would have passed through the hole in the pot. To one side of this it is a neat circle; the other side is much more irregular. Traces of reddish pot survive in the waisted centre, but not enough to date the pot-mend which could either be Roman, medieval or post-medieval.

Class: pot mend

Chronology

Broad period: UNKNOWN

Dimensions and weight

Quantity: 1

Length: 28 mm

Width: 22 mm

Thickness: 12 mm

Weight: 23.56 g

Discovery dates

Date(s) of discovery: Monday 1st March 1999

Personal details

This information is restricted for your access level.

Other reference numbers

Other reference: No. 13 on map (March 1999)

Materials and construction

Primary material: Lead

Spatial metadata

Region: [Eastern](#) (European Region)

County or Unitary authority: [Suffolk](#) (County)

District: [St. Edmundsbury](#) (District)

To be known as: SUFFOLK WITHERSFIELD

Spatial coordinates

Unmasked grid reference accurate to a 0.01 metre square.

Discovery metadata

Method of discovery: Metal detector

General landuse: Cultivated land

Specific landuse: Character undetermined
