

UNIDENTIFIED OBJECT

Unique ID: LVPL-E22FE3

Object type certainty: Certain

Workflow status: Awaiting validation

A cast copper alloy object probably dating to the Post-Medieval period. The object is sub-triangular in plan and flat. At the base of the object a rectangular tab has been folded forwards, possibly for attachment. The outer face is decorated with a punched leaf decoration. The rear is undecorated. The exact function of this object is unknown. The object has a dark green patina and is in good condition.
