

VESSEL

Unique ID: ESS-F1CB22

Object type certainty: Certain

Workflow status: Published

Three fragments of Roman Samian ware, total weight 9.88g. One sherd is 'pinky' in colour and the slip is very worn off. This piece is probably from East Gaul as it has this distinctive colour and the slip tends to rub off in this manner. The other two fragments are almost certainly from imported wares.

Class: Samian
