

COIN

Unique ID: BERK-56E8A2

Object type certainty: Certain

Workflow status: Awaiting validation

A broken cut halfpenny of William II (AD 1087-1100), 'cross in quatrefoil' type dating to the period c. AD 1089-1092. The last letter of the moneyer's name (N) and the first letter of the mint (P) are visible. Although it is not possible to ascribe this coin to a moneyer and mint conclusively the combination of letters does narrow it down to the following: Colbern at Wallingford or Aestan at Winchester. North N852.

Notes:

For discussion on the moneyers at Wallingford see Williams., T.J.T, *The Mint at Wallingford: an introduction to the corpus*.
