Unique ID: IARCH-1CD3B2

Workflow status: Awaiting validation

Report by R Hobbs: Around 15 fragments of a squat coarseware storage jar with green copper alloy staining on the inner surface where the pot has been in direct contact with the coins. The fabric (pink grog tempered ware) is dull pink with a heavy grey core and ill sorted inclusions of grog and mica (Tomber and Dore 1998, 210).

Notes:

This record is for an object associated with a coin hoard and was imported from an external project database. It may therefore lack the usual level of detail and images.

This find is a hoard container.
