CLOTH SEAL

Unique ID: LON-312098

Object type certainty: Certain

Workflow status: Awaiting validation

A Post Medieval lead alloy cloth seal dating 16th - 18th century. This is a clothworker's personal seal. The seal is formed of two discs with a connecting strip and integral rivet on one of the discs connecting the two. The rivet is visible on the decorated disc. The cloth seal has a bird standing facing left with initials either side of the bird, T on the left in front of chest and S on the right above tail. The undecorated disk has marks scratched onto it possible the number four.

Dimensions: length: 21.14 mm; diameter of disk: 16.57mm; weight: 4.33g.
